

# SHUTTLE BUS

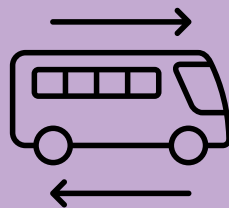

We Love. We support. We care.

# shuttle Bus fund

Objective: To provide safe and comfortable transportation for children and their parents between the Sunshine Mother and Baby Hostel and Korle Bu Children's Block.

- Current situation: 30-minute walk, often with parents carrying children after chemotherapy or radiotherapy
- Solution: Dedicated shuttle bus with driver
- Cost: 300,000 GHC (includes vehicle and driver's salary for initial period)

## IMPACT

This shuttle service will significantly reduce the physical strain on both children and parents, especially after chemotherapy or radiotherapy treatments. It will ensure safer, more comfortable travel and potentially increase treatment adherence.
