Sponsor a Child

Korle- Bu
treatment program

Every child deserves a fighting chance

Little Angels Trust financially support children undergoing cancer treatment and ensure they can afford life saving treatment and care throughout their journey. Here's how you can get involved .

Get involved...

Choose to donate the equivalent of a blood test, radiotherapy, CT scan (see itemisation breakdown-next page)

Donate the cost of an investigation or treatment

See next page for cost of specific interventions

This supports the cost of radiotherapy, chemotherapy, blood tests, scans and hospital stays, as well as medications such as antibiotics

Sponsor monthly

4,000ghc

join our newsletter for charity updates

Commit to supporting 5 children Monthly

20,000ghc

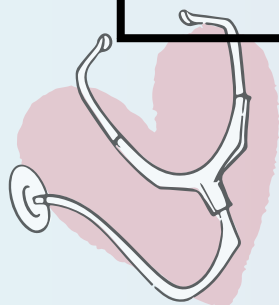

Impact: This program ensures that children receive uninterrupted treatment, significantly improving their chances of recovery. It also alleviates the financial burden on families, allowing them to focus on supporting their child emotionally.

Why not Donate the cost of an investigation or treatment ?

Item	Projected cost
Radiotherapy	2200 ghc
CT Scan + anaesthetic	950 ghc
Blood transfusion + clotting profile	500 ghc
Basic Blood Test	200 ghc
Echocardiogram	200 ghc
Ultrasound abdomen pelvis	150 ghc
Chest xray	100 ghc
Urine test	60 ghc
