HOW YOUR PARTNERSHIP WILL HELP KEEP THE VISION ALIVE

Little Angels Trust is run primarily by a small group of volunteers trustees, who donate more than their evenings and weekends to keep working on the mission. We currently have two admin staff and one IT support. We run over twelve Hospital events yearly and donate thousands of toys. Our dream is to expand this mission cross the globe.

THE DREAM

In line with Little Angels Trusts pillars and our mission to build confident donors, we are looking for organisations, companies and small businesses to commit to taking over our operational costs. Freeing us to assure our donors that 100% of their donations go directly to cause and not charity essentials such as fundraising and website maintenance
